

ORIGINAL DATE: 5-11-2020

As more COVID-19 testing becomes available some states are offering testing without a doctor referral. As an essential worker you may be eligible for a free test. In some cases even with mild or no symptoms. If you would like to be tested, visit the applicable state website to find a testing facility. Google.com also lists local testing facilities and shows which do not require a doctor referral.

As a reminder, all Auto-Wares health plans cover COVID-19 testing in full.
